

Dr. Gauthier trained in France in clinical hematology, completed a fellowship and served as a junior Attending Physician on the Hematopoietic Stem Cell Transplant (HCT) service at the Lille University Hospital. He has published over 20 papers in the field of immunotherapy and transplant, 12 of them as first author in journals such as Blood Advances, Bone Marrow Transplantation and Transplantation. Dr. Gauthier has given numerous presentations related to cellular therapies at international meetings. An expert in the field of CAR-T cell therapy for hematological malignancies, he currently works with Dr. Cameron Turtle and Dr. David Maloney, two pioneers in the field of immunotherapy at the prestigious Fred Hutchinson Cancer Research Center in Seattle, WA.
